Non-Technical : MS Word, Power Point, MS Office

TRAINING AND CERTIFICATIONS

Nxtwave Disruptive Technologies   **April 2023 - Ongoing**
Industry Ready Certification in Full-stack Development

PROJECTS

1. Nxt Trendz (ECommerce Clone)

Implemented Nxt Trendz application which is a clone for ECommerce applications like Amazon, Flipkart where users can login and can see list of products with search, filters, sort by, etc.

- Implemented Different pages and routes for Login, Products, Product details using React Router components Route, Switch, Link, props, state, lists, event handlers, form inputs.Authenticating and

authorizing users by taking username, password and doing login POST HTTP API Call and implementing filters by sending them as query parameters to product api calls with persisted user login state.

Technologies used: React JS, JS, CSS, Bootstrap, Routing, REST API Calls, Local Storage, JWT Token, Authorization, Authentication (**https://eshoppingapp.ccbp.tech**)

2. Wikipedia Search Application

- Designed and implemented a fully responsive Wikipedia clone using HTML, CSS, JavaScript, and Bootstrap. The project features a navigation system with multiple pages, allowing users to explore content seamlessly. Implemented a clean and intuitive user interface, emphasizing modern design principles. Incorporated Bootstrap for enhanced styling and responsiveness. This project demonstrates proficiency in front-end web development and a keen eye for user experience design

  Technologies used: HTML, CSS, Bootstrap, Js   (**babuwikisearch.ccbp.tech**)

3. Food Munch - Restaurent Web Application

- Designed and developed a fully responsive food website using HTML, CSS, and Bootstrap to create an immersive and user-friendly experience. The website features a dynamic menu, gift voucher system, and an eye-catching banner to entice users. Implemented a responsive navbar for easy navigation on all device sizes, ensuring a premium user experience. This project demonstrated proficiency in web design, front-end development, and the use of modern web technologies to create a visually appealing and functional website.

  Technologies used: HTML, CSS, Bootstrap (**https://foodrestarent.ccbp.tech/**)

VOLUNTEER EXPERIENCE AND OTHER ACTIVITIES

- Volunteering with NYKS for 1 year, I actively participated in empowering youth and promoting social development through organizing events and community engagement. Developed skills in communication, leadership, teamwork, and community involvement, which can be leveraged in a professional environment
